## 2010-11 Season Wrapup

The season that was 2010/11...

We had it all! A new coach, teams missing finals by the barest of margins, rain, ties, but most importantly, the club had its first two day premierships in 10 years, and the first by the top side in 21 years. What a successful season it was.

The club had a new coach, Alec Lacey, and the air of anticipation was immense. Not only has Lacey brought renewed enthusiasm to the club, but he has extracted another level from the top side which coincided with a premiership flag. His training techniques and his approach to the game of cricket has been second to none, and the experience that he has delivered from being involved with Leeming and Phoenix is priceless, and our results have shown this. There have not been many occasions in the past few years that any side from our club participating in the two day competition has batted out their 75 overs, however, Lacey has helped deliver this message and in the course of this has made the 2's and 4's the best sides in their respective grades in the two day format. In addition to this, 7's became one of the better one day sides in their grade.

So, from a club point of view, there have been a number of team and personal highs that should be highlighted. However, to highlight these, there are some awards that should be given to mark these achievements:

The **'Will This Ever End'** award goes to two players. Both these players were involved in an extraordinary partnership for the club where they entered the game with the team in trouble at 7 for 93 and between them, they contributed an unbeaten 174 runs to take the game away from Kwinana. The players, Geoff Hales and Ron Donaldson. Coincidentally, according to [www.maddobulls.com](http://www.maddobulls.com) it would appear as though they also have the club record for the highest 8<sup>th</sup> wicket partnership for the club.

The **'Why Do You Need To Run When You Can Hit Boundaries'** award goes to a player who has hit 79 boundaries this year, 58 fours and 21 sixes. He will also take out the **'Big Girl'** award as well, congratulations to Anthony Richardson.

The **'Running is Over-Rated'** award goes to a player who managed an extraordinary feat by scoring more than 87% of his runs in his innings in boundaries. The player, Dean Fitzgerald, and this was achieved in the grand final where he scored 64 runs which consisted of 8 fours and 4 sixes.

The **'I Want a Hunge, But Will Settle for Fitty'** award goes to the only player to have scored four 50's this year. Not only a great club person, but a wicked glove-man as well. Congratulations Sandeep Prashar.

## Darren Devereux Aaron Kelly

# Season Wrapup

From Pg1.

The **'Wicket Hungry'** award this year goes to a new player down at the club. He initially played fours and then ended up in a winning top side grand final. His efforts of 5 for 57 against Kelmscott in the penultimate round of the year almost gave 4ths an outright which would have seen them in the finals. Well done Max Sweetman.

The **'Give Me The Ball If You Want a Wicket'** goes to a player who you would not normally see in this category in any other season. He has been awarded this for the best strike rate at the club. Last year it was Paul Ozanne, this year it goes to Adrian Rutter. Adrian also takes out the **'I Should Be Given The Ball More Often'** as well as he claims the best economy rate of the club for the season.

Other team based achievements that need to be highlighted are the efforts of One Day D's. Well what can we say? The team does its thing and does it with fun. Sure they enjoy winning, but as long as the team can come off of the ground with smiles, it has been a great day. Towards the end of the season they were stringing a few wins together, it is just a shame that we could not pull off these a little earlier in the season to look at finals contention. Notable players in the grade this year were; Tony De Castro, Arnold Swart, Brad Brankstone, and Andrew McNaughton.

The 7<sup>th</sup> Grade side, in many respects played outstandingly well. They made the one day final and only missed out on the two day finals series by one game. It was a fine achievement by all in the side. It is especially pleasing that they pushed the one day final to its nail biting finish as there were a lot of doubters that we could not be competitive in that game. Some of the outstanding performances from 7's were Todd Nash, Paul Ozanne, Albert Plummer, Dean North, and Darryl

Jacobsen. Under trying circumstances of not having a regular 11 players in the side, only 5 players played more than 10 games and of those three played more than 14, it is an outstanding effort.

4's had a great year in terms of the two day competition, but the one day competition they will learn a lot from. Aside from that, Neil Trayler will be happy not having to cough up 40 cartons of Caronas, even though it was looking very shaky until the last round of the year. It was a great year from the 4's with some near misses and some fantastic achievements. It is just a shame that the two competitions are not separate as it is a true fact that 4's were the best two day side in the competition this year. Overall though, 4's have shown that there is plenty to like about the future of the club in the next five to ten years, and with added experience, we will push other clubs next season. Some outstanding players this year from 4's include; Geoff Hales, Mark Kingham, Dave Collins, Max Sweetman and Fabian D'Agnone.

Finally, there is the top side. Not only did they win the premiership this year, we did it in style. We were the best two day side in the competition, and we beat all three A grade clubs that were relegated this year. Everyone pulled together under the leadership of Richo and Fitzy and brought home a premiership. The top side missed out on the one day final by only two points, but we knocked off the only unbeaten side in the competition as well. The outstanding players for this year include; Daniel Gourgaud, Anthony Richardson, Adrian Rutter, Mark Fitzgerald, Sandeep Prashar, and Dean Fitzgerald.

Can we also take the opportunity to thank Albert Plummer for all his tireless work behind the scenes this year as Club President. Albert has advised the Committee

Continue Page 4

# Season Wrapup

From Page 3.  
that this will be his last season as Club President. I would like to thank him for his contribution to Maddington Cricket Club. I know that sometimes he may feel unappreciated, but all the work that he puts into the club is very much appreciated and he will be very hard to replace.

Thanks must also go to Darren Devereux for all his work in making sure the bar is fully stocked (and cold) all season.

Overall, the club should be satisfied at where we are at currently in the SMCA, and should now be pressing for more success not only for the top side, but throughout the grades.

Let 2011/12 be as successful, if not more successful than 2010/11. BRING ON 2011/12!!!

## 2nd Grade Premiers 2010/11

Front Row: Sandeep Prashar, Keith Mapstone, Anthony Richardson (C), Dean Fitzgerald, Max Sweetman.

Back Row: Daniel Gourgaud, Alec Lacey (Coach), Mark Fitzgerald, Adrian Rutter, Dennis Plummer, Peter Anderson, Brad Fletcher

Absent: Geoff Hales.

Geoff Hales and Dean Fitzgerald lead the team off after winning the semi final.
